Zoning Board of Appeals  
March 5, 2009  
Members present were Chairman Daniel O’Shea, Kay Vossler, Bob Lieber and Rudy Kobelia. Bill Underwood was absent.

NEW BUSINESS

Robert F. Thompson with his Attorney David Hartnett presented an application for area variance to the Board. Mr. Thompson and his daughter Cindy Moreland explained their plans to the Board. They had stated that back in 1985 the property was subdivided in a divorce settlement and he would like to put it back into one parcel. He stated that his family lives close by and that he just wants them to have access to the lake. He has no intentions of building on this property. Mr. Thompson came into ownership of the property from his parents. Chairman O’Shea stated that they should go to the next Planning Board meeting and present the subdivision to the planning Board. Dave Hartnett stated that Code officer Doug Staley told them that they do not need a survey until after the variance and subdivision get approved.
